hatchpen logo usage

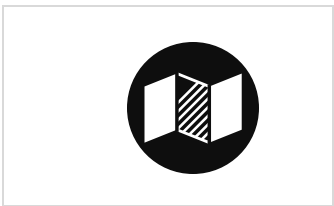

Version 1.0. The wordmark is converted to outlines (Manrope); the icon is vector artwork.

1 Primary logo and clear space

Keep at least x (one quarter of the icon's diameter) free on every side.

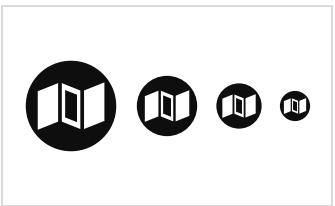

2 Versions

Full icon, 60 px and up

Reversed, on dark backgrounds

Simplified icon, 16 to 48 px

3 Minimum sizes

Lockup: 120 px wide on screen, 30 mm in print.
Full icon (with hatching): 60 px or 12 mm. Smaller, the hatch lines blur.
Simplified icon: 16 to 48 px. Never go below 16 px.

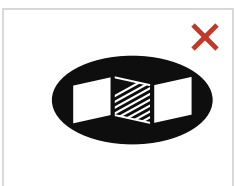

4 Colors

Black #0E0E0E
Primary

White #FFFFFF
Reversed

Deep sage #42513C
Optional, in-app on #F9FAEF

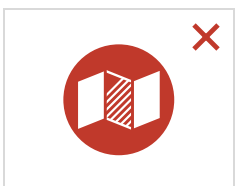

5 Do not

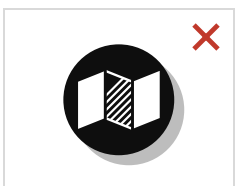

Stretch or squash

Rotate or tilt

Recolor

Add shadows or effects

Do not retype or re-space the wordmark. Lettering customization is still pending.
On tinted backgrounds, set the paper color in the icon to match the background.
